

## Artist in Residence

In 2015, we invited Miriam Laville to be our first Artist in Residence. Miriam was a great hit with both our exhibiting artists and our visitors. She demonstrated her considerable talent over the two days of the Festival and very generously donated one of her paintings to the Festival to help raise money for our Bursary Fund. Each year we award a Bursary to a young artist who has previously exhibited with us prior to going on to an artistic further education course.

In 2016, we will continue to have an artist in residence, so watch this space for details of who has been invited.
